

WE ♥ KAUA'I WILDLIFE

WILDLIFE-FRIENDLY BUSINESS

WHAT'S A WILDLIFE-FRIENDLY BUSINESS?

Kaua'i is a Noah's Ark for endangered birds and animals that exist nowhere else in the world. They evolved in isolation on our inland chain. That makes them vulnerable to introduced predators and artificial lights. That's where you come in! We're looking for businesses to join us in reducing the threats to our special native wildlife.

WHAT CAN OUR BUSINESS DO TO HELP?

There are three things you can do to become a business that protects birds, monk seals, dolphins and turtles.

- 1) **Have no residential feral cats on site**
- 2) **Adhere to wildlife - friendly lighting guidelines**
- 3) **Agree not to release helium balloons**

WHAT WILL WFB DO FOR MY BUSINESS?

You will be promoted as a Wildlife - Friendly Business on our social media and website. You'll receive a decal and poster to put in your window and can display our logo. WFB can be a resource to help your staff and customers learn about wildlife

WHO RUNS THE WILDLIFE FRIENDLY BUSINESS PROGRAMS?

It is run by the Kaua'i Wildlife Coalition, a group of individuals from local wildlife organizations. To see our members visit here
